

# SOPRASTAR CLEANER

SOPRASTAR CLEANER

Order No. A800

## DESCRIPTION & APPLICATION

### DESCRIPTION:

Soprastar Cleaner is a specially formulated, solvent based cleaner which instantly liquefies asphalt in a wide variety range of soils. ***Soprastar Cleaner is the only product approved by Soprema to clean up asphalt from the surface of Soprastar membrane.***

### DIRECTIONS:

1. Apply at full strength to soil or stain. Agitate with a clean cotton cloth to loosen and dissolve stain. Thoroughly rinse to the drain with water or sop up residue with a clean cotton cloth.
2. For heavy deposits of asphalt this product can be left on the deposit for an extended time. For asphalt "clumps" or extra heavy deposits, it may be necessary to mechanically remove the bulk of the deposit before using Soprastar Cleaner to complete the job.
3. For heavy deposits a second application may be required to completely remove the residue.

### COLOR:

Soprastar Cleaner is a milky white liquid.

### PACKAGING:

Soprastar Cleaner is available in cases holding four (4) one (1) gallon jugs. Four (4) spray applicators are included with each case.

### STORAGE:

Always store in a clean and dry location between forty (40° F) degrees (4.4° C) and eighty (80° F) degrees Fahrenheit (26.6° C).

### CAUTIONS:

This product is combustible. Keep away from heat, sparks, and open flames. Do not take internally. If swallowed, do not induce vomiting and consult a Physician immediately. Avoid contact with eyes. In case of contact, immediately flush with plenty of water for fifteen (15) minutes. Wear rubber gloves when using this product. This product may be harmful to some plastics, painted surfaces, carpet and upholstery backing. Test before using.
